

Revised Statement of Bidders Qualifications
(rev. 5/15/19)

STATEMENT OF BIDDER'S QUALIFICATIONS

This Statement is to accompany bids submitted for the following project: FC-1190004. Bidders must meet the minimum qualification criteria set forth under items 5, 7, 8, 9, 10 and 11 of this section, must provide the organization chart as set forth under item 6 of this section and must complete the project experience forms for qualifying projects to be deemed a "Responsible and Responsive Bidder".

1. NAME OF BIDDER: _____

2. BUSINESS ADDRESS: _____

3. TELEPHONE NUMBER: _____

4. OFFICIAL REPRESENTATIVE AND TITLE: _____

5. Using the forms provided in this Section, list previously completed or current projects which are similar in scope and complexity to this project which were completed or assigned to your firm or joint venture, including: Name of project, location of project, owner's name, address and phone number, description of work performed, initial contract amount, final contract amount, start date, scheduled completion date and actual completion date. (If a joint venture, list separately for each joint venture partner.) Limit to 5.

- a. Bidder has been in business for a minimum of ten (10) years
- b. Bidder is experienced and performs large water and sewer utility and infrastructure projects, consistent with the industry description as described US Census Bureau NAICS Code 23711 "Water and Sewer Line and Related Structures Construction" and is capable of the following:
 - Large Pumping Station Construction
 - Large process mechanical pumps, pipes, valving
 - Mass concrete construction (may have been done in conjunction with pump stations, treatment plants, sediment basins and other plant hydraulic structures, concrete dams, etc.)
 - Deep excavations and engineered shoring systems
 - Dewatering and water control in deep excavations
 - Construction Management of contracts \$25 million and larger

- Large meter and valve vault construction
 - Electrical equipment up to 4160 volt, and large ductbank and electrical vault construction.
 - Instrumentation and SCADA work
 - Major rock excavation via blasting and/or other methods
- c. Three projects in last 10 years has to have exceeded \$25 million in value and be consistent with NAICS Industry Code 23711.
- d. Bidder shall include with the submitted bid package a written qualifications document not to exceed ten (10) pages in length that demonstrates the Bidder's qualifications meeting the requirements listed above.
6. Provide the following information for the organization proposed for this project:
- a. Organizational chart.
- b. Indicate the participation by the various members in the organization, as shown on the organizational chart; in the management; and in the division of work (If a joint venture, indicate percent of man hours and percent of project cost to be performed by each joint venture member).
7. Applicant's Required Corporate Experience Information:
- a. Provide name, address and telephone number of Applicant's corporate headquarters, parent/holding company, relevant regional office(s) and subsidiaries, if any.
- b. Provide name, title, and biographical summary of all corporate officers.
- c. Provide a statement that Applicant has operated under the current corporate name for the last ten (10) years, or a statement listing each previous corporate name used.
- d. Provide a statement of bonding capacity, bonding company, insurance agent contact persons, and telephone numbers. Include a statement that the proposed bonding company is listed in the latest issue of U.S. Treasury Circular 570. The estimated construction cost of this project is in the range of \$40,000,000 to \$45,000,000.

- e. Provide a statement that Applicant has never failed to complete a project. If this is not the case, explain.
 - f. Provide a statement that Applicant has not been involved in liquidated damages in the past five years or served the Owner with a claim for additional compensation prepared by an attorney or a claims consultant, excluding routine change order requests. If this is not the case, explain.
 - g. Provide a statement indicating whether Applicant has or has not been involved in litigation as a plaintiff against an Owner or Engineering Firm in the past five years. If Applicant has, explain.
 - h. List all other projects currently under contract, the current contract amounts, and scheduled completion dates.
 - i. Provide a photocopy of current Georgia Utility Contractor and Georgia General Contractor licenses.
8. Provide resumes showing the Bidder's proposed Project Manager and Project Superintendent have the proper experience and qualifications for this project..
- a. Project Manager must have successfully managed the following work within the last ten years in the United States of America: Construction of not less than three projects consistent with NAICS Industry Code 23711 of similar size and complexity as this project (minimum size 25 MGD flow capacity), with a minimum construction value of \$20 million for each project.
 - b. Project Superintendent must have successfully managed the following work within the last ten years in the United States of America: Construction of not less than three projects consistent with NAICS Industry Code 23711 of similar size and complexity as this project (minimum size 25 MGD flow capacity), with a minimum construction value of \$20 million for each project.
